Modiste loves real wood

Wood and its incredible allure are the cornerstone for our designs, we've designed the frames as slender as possible to show the most of the natural beauty of our high quality wood veneers. Every veneer is selected by our designers at our suppliers. The quality is consistent, but every tree has a different unique pattern.

All shelves consist of high quality 9-layer birch plywood, veneered on both sides. Finished by hand with 100% organic, Chinese wood oil and protected with a hardwax top coating.

Bespoke color and wood options are available on request.
